

EXPERIENCE

2014 Web Development Immersive Student

General Assembly

New York, NY

// Completed an intense twelve week course with a heavy focus on Ruby on Rails and Javascript.

2014 **Dev Projects** (see Github for code)

Guess Whom

Ruby | Sinatra | Instagram API

// A reinvention of a classic board game where users can add instagram selfies as interactive playing cards.

Blacktop

Ruby on Rails

// A user generated sharing site for playground games and table-top games that are fun for all ages.

Drunger Games

Rails | JS | jQuery | SportsData API

// A site that connects fans of obscure sports teams with the local venues that are airing their team's events.

Reincarnage

Javascript | Phaser.js | Ruby on Rails

// A video game that upends traditional game premises by making the objective of the player to be eaten.

2014 Freelance Projects

The Satellite (in progress)

Ruby | Sinatra | ¡Query

// The official site for The Satellite, a CGI installation which provides a real-time view of earth from space.

2014) Branch Manager

2013 Legend Securities

Great Neck, NY

// Oversaw the hiring and training of all staff.

// Supervised employee day-to-day operations.

// Assured that all FINRA registered members were in compliance with legal operating standards.

// Promoted a positive culture within the branch office.
